

The logo features the brand name 'Right on!' in a large, white, cursive script font. Below it, the word 'STRAPS' is written in a smaller, white, all-caps, sans-serif font with wide letter spacing. The entire logo is set against a dark, textured background that resembles crumpled leather or paper, with a diagonal gradient from dark brown to a lighter, more textured brown.

"(...) We have also found some of the most beautiful and innovative hand made guitar straps. Incredible quality combined with a high quality adjustment system as we have never seen before (...)" **C.Bb - USA**

"The most comfortable, elegant and best made straps I've ever used ... Impressive work Righton! Straps !!" **A.B. - Spain**

"The lenght adjustment with the screws look really good but I first thought, that it is not the optimum, but tried it out yesterday at home, and after I installed security locks

(...) you can adjust the strap without having to unscrew the straplocks, that's really cool!" **J. M. - Germany**

"The catalogue which I checked did not return the real quality that we have been able to verify when we get your Straps. This is not because the catalogue is not efficient. It's the quality of your straps, which puts them certainly as the most beautiful straps that exist on the market in this moment!" **G. P. - Italy**
